

QUESTION OF HELM'S SUCCESSOR

And Method of Making Democratic Nomination Is Being Discussed By Various Newspapers.

Several newspapers have recently had mention of possible candidates for the democratic nomination to fill the vacancy in Congress from the 8th district caused by the death of Hon. Harvey Helm, which may be of interest here. The Cincinnati Enquirer's political column from Kentucky said Sunday:

It has not been determined whether the democratic nomination for Congress in the Eighth district, to fill the vacancy created by Representative Harvey Helm's death, will be made by convention or by primary, but if it is by convention, there will, on the basis of one for every 200 votes or major fraction thereof, cast at the last presidential election for democratic electors, be 113 delegates from the 11 counties, as follows: Adair, 9; Anderson, 8; Boyle, 11; Casey, 7; Garrard, 7; Jessamine, 9; Lincoln, 12; Madison, 17; Mercer, 11; Shelby, 15; and Spencer, 7. Shelton M. Saufley, of Richmond, was in Lexington Friday night, and said he had visited Shelby, Spencer, and Adair counties and that he felt good over his chances. Judge Charles A. Hardin is regarded as certain to make the race, as is John K. Todd, of Shelby county. This would make a highly interesting triangular fight, though it is likely that others may enter.

(From Lexington Herald)

Frankfort, Ky., March 22—Shelton M. Saufley, editor of the Richmond Daily Register, and Chairman Charles A. Hardin, of the State Central and Executive Committees, who is also judge of the circuit court for the Mercer-Boyle-Lincoln-Garrard district, will be the candidates for the democratic nomination for Congress in the Eighth district to succeed Harvey Helm, who died a few days before the beginning of the terms to which he was elected last November. Which ever is nominated is certain to be elected at the special election to be called by the Governor when he gets good and ready to call it.

The method of nomination depends upon the district committee. This committee is composed of the democratic county chairmen of the counties of Adair, Anderson, Boyle, Casey, Garrard, Jessamine, Lincoln, Madison, Mercer, Shelby and Spencer. Six of the eleven district committeemen can refer the matter to the voters of the district. Because of the expense of a primary in the eleven counties, it is extremely probable that the committee will make the nomination unless political exigencies develop which make it advisable to hold a primary.

Friends of the Richmond newspaper man, who formerly owned a paper at Stanford, in Lincoln county, and who is widely known all over the district, as in fact, he is widely known all over the state, say that in a primary he would win easily.

And it is said that the friends of Gov. Stanley will do their best to put Judge Hardin over.

Hardin Stanley's Choice. It is stated that Governor Stanley who has the reputation of standing by his friends when they need him, regardless of identity, wants Judge Hardin nominated for two reasons. First, he desires to reward a loyal friend, and Judge Hardin has been a loyal friend, by sending him to Congress. Besides that, he wants to reward another loyal friend, according to the "info" among the politicians, by

Elks To Install Officers For Coming Year

Friday night the B. P. O. E. lodge will hold their annual installation of officers for the ensuing year. The annual report shows this lodge to be in a splendid condition and during the past year quite a large number of new members have been taken in. The officers for the year who will be installed, are as follows: Wm. O'Neil, Exalted Ruler; John D. Simmons, Esteemed Leading Knight; Carlisle Maupin, Esteemed Loyal Knight; J. E. Sexton, Esteemed Lecturing Knight; T. C. O'Neil, Secretary; R. E. Turley, Treasurer; John D. White, Tyler; Elmer Deatherage, trustee for three years; Green Clay, representative to Grand Lodge; and Joe P. Chenault, alternate.

Oldham & Rowland Buy Automobile Hearse

Mr. W. S. Oldham, of the firm of Oldham & Rowland, left today for Cincinnati, to drive back a handsome automobile hearse which they purchased some time ago. Not to be outdone by funeral directors in the larger cities, this firm has secured this handsome outfit for the purpose of being better equipped to handle the funeral business in this community.

appointing J. E. Robinson, of Garrard county, to the judgeship Judge Hardin will necessarily vacate if he goes to Congress.

Saufley has always been a Beckham man. Aligned with that faction of the party as he was, he advocated in strong terms the nomination of Gov. Stanley for the United States Senate, not only for the long term but for the short term, which the republicans graciously permitted George B. Martin to serve without objection when they might have thrown him out after election day, as well. Saufley, recalling the factional fights that had rent the democratic party in Kentucky, paid tribute to the generally recognized high ability of the Governor in the field of legislation, how well he was equipped for that kind of work by his long and active service in Congress. In the election he gave the Governor loyal support and his friends say that while Gov. Stanley may favor Judge Hardin for the nomination, he can hardly go out of his way to fight Saufley.

(From Lebanon Enterprise)

Shelton Saufley, owner of the Richmond Daily Register, was in Lebanon the other day en route to Adair county. He is a prospective candidate for the democratic nomination for Congress in the Eighth district to succeed the late Harvey Helm. Mr. Saufley is one of the best known young newspaper men in Kentucky. He is splendidly qualified for the position, capable, clean, conscientious, and one of the people of the Eight district could possibly choose would serve them more faithfully or more efficiently.

May Me Republican Candidate.

The Cincinnati Enquirer also said Sunday:

The first republican to seek the nomination for Congress in the Eighth district in anticipation of a special election to fill the vacancy, is H. Bastin, of Lancaster, a well known party man, who announced that he will be a candidate. Others who have been mentioned as likely candidates for the republican congressional nomination include Capt. King Swope, Danville, and R. E. Davison, of Stanford, who opposed Congressman Helm last fall.

GENERAL BLANQUET ARRIVES IN MEXICO

Plans To Reorganize Diaz Forces and Overthrow the Carranza Government.

New York, April 3—Bulletin—Gen. Aurelia Blanquet, Mexican Minister of War during the Huerta administration, and described as second in command to General Felix Diaz, recently reported to having undertaken a revolutionary movement against President Carranza, has arrived safely in Mexico, after a very dangerous trip, according to an announcement today by his secretary, Robert O. Gayon. A number of officers of the old Mexican federal army accompanied him, according to Gayon.

Secretary Gayon said the purpose of Blanquet's return was to reorganize the Diaz forces, overthrow the Carranza government, and to re-establish the constitution of 1857, which, he says, Carranza repudiated and revoked the alleged confiscatory decrees of the present government. Blanquet, who has been living here, sailed from the West Indies in March, landing from a motor sloop on the Vera Cruz coast with his party. Diaz is said to have forty thousand soldiers.

Important Military Case Decided By Judge Evans

(By Associated Press)

Louisville, April 3—In line with an informal statement from the bench on March 24th, Federal Judge Evans today decided that the war in Europe was legally over and that the plea for a new trial on conviction of violating war time military regulations after the armistice was signed, has a standing in court. The case in question is that of Harry Hicks, accused of conducting a disorderly house within five miles of Camp Taylor. Counsel pleading for the plaintiff said that the offense occurred after the armistice was signed and that the regulations were inoperative. The court held that the war was legally ended when President Wilson addressed a joint session of Congress on November 11th. In the course of his address he said the war had thus come to an end.

COMMITTEE ON STREET IMPROVEMENTS RETURN

Party Back From Cincinnati After Trip In Interest of New Streets and Sewers.

Mayor Evans and party consisting of T. K. Hamilton, R. E. Turley, Wm. O'Neil, C. T. Terrill, J. J. Greenleaf, returned today from a trip to Cincinnati, where they went to investigate the matter of the new street improvements for the city of Richmond. Their main purpose in taking this trip was to view some methods of street work that was being done in Cincinnati, and to secure a competent engineer to prepare plans and supervise the construction of the streets. While they did not make a final selection, they were much benefitted with their trip and learned a great deal about the manner in which the various streets are laid to suit the requirements of the heaviest traffic.

While in Cincinnati, Mayor Evans consummated a deal whereby he loaned enough of the money realized on the bonds to pay back to the city something like \$1,000 or \$1,500, and will do away with the expense of paying the interest on the money while awaiting the work to commence. This committee is very anxious for the citizens of Richmond to express their views on the street improvements and the columns of the Daily Register are open to anyone who wishes to comment on this public issue.

Gilead

Mrs. Sarah B. Turner entertained at a birthday dinner some of her near friends. A most delicious repast was served and heartily enjoyed by those who were present. Her guests included J. A. Cotton and wife, R. E. Baker, wife and son, Miss Estelle Prewitt, Mrs. R. A. Tudor, Mr. Nat Whitaker and wife, daughter and son, Mr. Emmett Long and wife, Mr. Bourbon Turner and family. March 27th is looked forward to by the children and grandchildren as a past of many happy days.

Gilead is on the lookout for a well read Baptist minister who can say gospel truth in thirty minutes than the congregation can assimilate in a week's time. If you see or meet one, direct him toward Pookey Ridge, four and a half miles from Kirksville, to Old Gilead, and we will do the rest. Our church is without a pastor. We will give you a trial.

Mr. and Mrs. J. A. Cotton entertained at dinner last Sunday. Their guests included his sister, Mrs. Sarah Belle Turner, and daughters, Etta and Geneva, Mr. Long and wife, Mr. Brutus Cotton and little daughter, Eleanor, Mr. Tommie Cotton, wife, daughter and son, Alene and George Allen, Mr. Theo. Cotton and family, Mr. Ira Cotton and family. All went home wishing many more such happy days like that could be spent around their fire-side.

If people are in doubt as to what they want in the way of conveyance, call on our local "Ford Salesman," Mr. Nat Whitaker, at Newby, and he will be delighted to drive you around during these balmy days.

Mr. Ed Tudor has contracted for a Ford car from Mr. Whitaker. He will be seen shortly spinning up and down

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue Is Coated Clean Little Liver and Bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or is feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile, and undigested food will gently move out of the bowels, and you will have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs" which contains directions for babies, children of all ages, and grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by the "California Fig Syrup Co." It

The farmers of this section are about done their spring plowing and some have done some gardening. Prospects are favorable for a good crop of fruit this year.

Off Comes Corn In One Piece

"Gets-It" Leaves Toe As Smooth As the Palm of Your Hand.

There's only one corn remedy in the world that peels corns and calluses off like a banana peel, and that's "Gets-It." For walkers and

Put 2 drops of "Gets-It" on, and smile! Standers, for shoppers and dancers, there's immediate relief from corn pain, and a quick finish for any corn or callus. "Gets-It" is applied in two or three seconds. There's no work, no tussling, no wrapping of toes. "Gets-It" dries in a second or two. That's all. As easy to use as signing your name. The corn loosens from the true flesh and you peel it right off with your fingers while you wonder at the sight and smile. That's why "Gets-It" is the biggest selling corn-remedy in the world today. Be corn-free at last. "Gets-It," the guaranteed, money-back, corn-remover, the only "sure way," costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

LONG WEAR AND ECONOMY

"Last year I purchased a standard make of shoes, and in sixty days the soles were worn through. I had them re-soled with Neolin Soles—which lasted me six months in the same service that wore out the other soles in two," writes E. A. Lancaster of Lancaster & Company, Jewelers, Greenville, Tenn.

Mr. Lancaster's experience with Neolin Soles is not unusual. Millions of people can testify to their long wear and economy. To reduce your shoe expense, buy Neolin-soled shoes. You can get them in many styles for every member of the family. Neolin Soles are created by Science to be comfortable and waterproof as well as long wearing. Good repair shops carry them. Farm and Stock News

With the hog market climbing daily local stock traders are in for a killing on purchases they have made during the past few weeks. It is reported that one party will clear up \$20,000 on hogs alone.

Corn reached \$1.58 1-8 yesterday and will possibly cause many a farmer to stop tobacco and put his acreage in corn instead. An association of tobacco growers has been formed to discourage a large acreage.

That the Madison county farmers were patriotic last fall is evident from the fact that a large increase in the acreage in wheat has been sown, and reports coming in from all sections state that wheat never before looked as good as it does this spring and the forecast is for a bumper crop.

Although prices closed very weak on the tobacco market, growers in this section are inclined to believe that prices will be \$20 to \$30 next season, with this in view are expecting to plant a large crop. The hillside throughout the county are literally covered with tobacco beds, and in the city limits will be seen quite a number of plant beds, where many people are giving up old garden spots for the long green.

It is certain that there will be a decrease in acreage sown in hemp this year, which is evidently due to the extremely low prices this crop yielded last year. It was generally thought that hemp would sell around 25 cents last year, but about the highest price received in this section was 14 cents, which was considered very low in comparison with the rest of the crops.

The K. H. Bird farm in Fayette county, of 298 acres, was sold the other day to E. H. Bryant, for \$278 an acre. This same farm sold for \$256 in January.

Bend

These nice balmy days have put the farmers to plowing.

The wind is blowing and the snow falling fast, will put a damper on them.

Misses Ada Smyth and Minnie Congleton came in from Berea to spend a few days with home folks, returning Monday.

Ed Ellington is convalescing from the effects of the flu.

Miss Mary Vaughn was visiting in the Bend from Saturday until Monday. Dr. Williams was called to see Sam Puckett Sunday night, who is a very sick man. The road the doctor passed over in his auto calls for better roads. This is a good place to put some of this tax money recently voted.

Juice of Lemons!
How to Make Skin
White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles, and tan and is the ideal skin softener, smoothen, and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands. 1t
